

Safeguarding Children Board

BSCB Learning and Development Opportunity

Friday 13th July 2018

9.30 - 11.30

New Mill, Victoria Road , Saltaire , Shipley BD18 3LD

Professional Practice: Challenge workshop

- Do you feel confident enough to express your opinion in a safeguarding meeting?
- Are you able to challenge decisions making with regard to risk for children?
- Are you confident in applying the Signs of Safety scaling tool in multi-agency discussions?

This is an area of professional practice which recent reviews and audits have highlighted as an area for development.

Come to a multi-agency practice session to develop your skills and confidence which can also count towards your CPD requirements.

A case scenario will form the basis of multi-agency conversations about risk using current practice methods.

You do not need to book a place but you do need be there for the session start time of 9.30 and to commit to attend for the full 2 hours to make the session a successful learning opportunity for all!

If you require any further details you can contact us at bscbtraining@bradford.gov.uk.

We look forward to seeing you there!
